Subject: Happy Feast Dear Acha

Dear loving Joseph Palackal Acha,

I extend my warmest wishes for a joyful feast. May the intercession of Saint Joseph support all your efforts for our Church.

It brings me great pleasure to see the Aramaic Project continually enriched by new and valuable resources. Your dedication to this Encyclopedic initiative can't go without being appreciated. I trust that this comprehensive work will secure its place in the annals of world music history.

I am nearing the completion of my dissertation and would like to ask for your prayers. Your videos served as the primary foundation for my research and significantly aided me in reaching this milestone. I am truly grateful for all your help.

I extend my heartfelt wishes for your success in all your upcoming endeavors that seek to enrich the Syro-Malabar Church and, in turn, contribute to the inestimable, venerable musical heritage of the Universal Church.

With continued prayers,
lovingly,
Fr. Joseph Pathil
